

I would like to share with you my opposition to the weakening of Indiana's Telephone Privacy Law, as proposed by the Consumer Bank Association (CBA). I am on this list, so that I do not get solicited over the phone by people I currently do business with or others. If my bank, credit card, or other business that I do business wishes to solícite me for additional or new services, they have a less intrucive way to do that...a mailing with my bill or statement. Please do not allow this change to occur.
